Old Fashioned Not outa style!

Well, I can't believe God has blessed me enough to come out with my fourth project, having 12 songs that I have written! Sometimes we surprise ourselves. I suppose as long as our mind keeps working, we are to try to be productive.

I am so thankful for the great people who were so kind to help with this project of which the list is long. So, I just want to say thanks to ALL involved, including Dennis and Gail Hensley of Jordan Studios; *Grammy Award* nominee Ben Isaacs who has been instrumental in producing this CD as well as the one prior and to whom I owe a lot; and of course, my beautiful first wife, Darlene!

This CD marks the second time I have written a song (track 6), "*Murder of Greely Napier*," from a sermon by Dr. Ted Satterfield entitled "*Be Sure Your Sins Will Find You Out*." The first time I did this was on my "*White Horse Rider*" CD with the creation of the "*Love Auction Song*." Both were great sermons from a great preacher and friend. Two songs added on this project were on previous recordings, but since they did well and were quite popular we thought we would put them on this one as well. You will hear "*3 Dollar Baby*," which was #1 Song on Power Source Nashville Charts and is now being used as a storyline in an upcoming Christian movie, in addition to "*Ways and Means*," a #1 on "DJ Pick of the Month" in "*Bluegrass Now*."

I will be following this project with my inspirational country CD called "*Cowboy Up*." Ben Isaacs will once again be the producer. I will show my gratitude by making his name bigger than mine on the front cover. This is in compliance with his demands because of his intimidating size and demeanor. I hope you enjoy it!
